Ehrlich | Presto-X

Your Local Pest Control Experts

Providing Complete Pest Management Solutions for

Rentokil Pest Control is part of Rentokil Initial, one of the most diverse business support service companies in the world. Founded in 1927, we have over 66,000 colleagues and operations in 56 countries, including the major economies of Europe, North America, Asia and Africa.

Rentokil North America is a full service pest control company with over 100 branches and 4 core brands (Ehrlich, Presto-X, Rentokil and Tetengo). We have been chosen as America's Finest Pest Control Company by Pest Control Technology, our industry's leading trade publication. Our vision is to be the world's finest pest control company – delivering great service locally while leading the industry globally.

As the world's largest commercial pest management provider, we offer a number of benefits to Grocers Supply customers:

Experience - We have provided pest management to retail food and food distribution facilities since 1928.

Competitive Pricing - You will work directly with your Account Representative Elwood Crumpler, to ensure your pest control investment is consistent and compliant with the Grocers Supply approved program.

National Service - With national servicing offices throughout the United States you will receive world class pest control solutions.
